

Amendment
Serial No. 10/562, 276

GB030102US1

REMARKS

Entry of this Amendment and reconsideration are respectfully requested in view of the amendments made to the claims and for the remarks made herein.

Claims 1-29 are pending and stand rejected.

Claims 1, 16 and 27 are independent claims.

Claim 15 has been cancelled.

Claims 1-14 and 16-29 have been amended.

In response to the Notice of Non-Compliant Amendment, dated April 24, 2009, applicant submits a full set of claims, as previously submitted in Applicant's prior response, including further amendments to the claims to correct the deficiencies noted in the Notice of Non-Compliant Amendment.

More specifically, claim 18 has been amended, with respect to the previously submitted set of claims, to refer to "a current source," rather than "the current source." This amendment returns the claims to the claim language in the originally filed claim 18. Claim 18 remains in a currently amended form to correct other errors found to exist in the claim language.

Claim 29 has also been amended to correctly annotate the claim amendment "The compensation," with underlining.

In addition, claim 28 has been further amended, with respect of the previously filed set of claims, to refer to "The compensation ..." No new matter has been added to the claims.

Pursuant to the instructions provided in Section 2 "TIME PERIODS FOR FILING A REPLY TO THIS NOTICE," in the Notice of Non-Compliant Amendment, applicant submits, herein, only that section of the previously filed response (i.e., the Claims section) found to be in a form not in compliance with the Rules and Practices of the US Patent Office.
